

Campus Treasure Hunt

There is no walking route for this treasure hunt – that should ensure you’ll be increasing your steps looking for the answers to the questions.

I’ve divided the campus into 4 zones, the Lake Zone, Café Zone, PATS Field Zone and Austin Pearce Zone. See the attached map to see exactly where the zones are. The questions will be set in each zone and the answers will be found in the zone the question is listed under.

This is designed to be completed over a series of lunch times as you seek out the answers, so the questions are divided by zone, but are in no particular order.
